AZALEAS

Again we have a wonderful crop of over a million azalea liners. One of the most profitable ventures of many of our customers is an azalea liner sale at the end of the planting season. It gives the customer azaleas at a low price and gives the nursery running the sale a lot of traffic. Many report that it helps them to lower their inventory so they do not have too many older plants to carry through the summer.

Have you tried Flowerwood packaged Azaleas for Spring Retail Sales?
